

Kentucky Publications Survey 1995

published by the Historical Confederation of Kentucky
in cooperation with the Kentucky Historical Society

Introduction

The **1995 Kentucky Publications Survey** is a joint project of the Historical Confederation of Kentucky and the Local History Program of the Kentucky Historical Society. The survey includes almost 400 titles of works about Kentucky's people and places that have been published by historical societies, museums, and genealogical libraries throughout the commonwealth. Also included are some publications by private individuals who work in conjunction with local historical societies.

Format: The survey is arranged alphabetically by county. Each organization's publications are listed under the county or counties to which the publications pertain. Therefore, if an organization has published records of three different counties, the organization will be listed three times--under each county. If a publication is regional or statewide in scope, it will be listed under the organization's home county.

To purchase a publication: Order publications directly from the organization which published them. The address and phone number of each organization are listed to the left of the titles.

Prices: Please note that all prices quoted were correct as of January 1, 1995, and are subject to change. Also, postage prices listed are for the order of a single title from an organization. If you are ordering several books from the same organization, the postage cost for additional titles may be lower. You may want to write or call before placing a large order.

Other publications: Organizations listed in this survey were asked to submit only ten of their publications for this list. Many of the organizations have published other titles. You may want to call or write individual groups to request a full list of their titles.

The Kentucky Historical Society, an agency of the Education, Arts and Humanities Cabinet, does not discriminate on the basis of race, color, national origin, sex, age, religion, or disability and provides, on request, reasonable accommodation including auxiliary aids and services necessary to afford an individual with a disability an equal opportunity to participate in all services, programs, and activities.

Description of Categories

County: Refers to the county to which the publication pertains. If an organization has published titles which cover a regional or statewide area, then those titles are listed under the organization's home county.

Name: Refers to the name of the group or individual that has produced the publications.

Cost/memb: Gives the cost for becoming a member of the organization. Also included is information about whether the group publishes a newsletter, the frequency of the newsletter's publication, and the cost of obtaining copies of the newsletter.

Title: Lists titles of publications offered by an organization or individual.

Author: Lists the author, editor, or compiler of each publication.

Date: Lists the date of publication for each title (when known). When two dates are listed, the first refers to the date of the original publication and the second refers to the date of a reprinted edition.

H/S cov: Lists whether the publication is available in hard or soft (paper) cover.

#pages: Lists the number of pages in each publication.

Price: Lists the price that was current as of January 1, 1995 for the publication.

Postage: Lists the amount that should be added to an order for a publication to cover postage and shipping costs.
